

GALIL (Assault Rifles) 5.56mm

Models:

Micro GALIL

GALIL SAR

GALIL AR

The GALIL family assault rifles are multipurpose personal weapons, designed to serve as a basic weapon for infantry. The rifle is light weight, air cooled, gas operated, magazine fed.

The GALIL is a very robust weapon with high reliability in adverse and extreme conditions and has been in IDF service since its development, over 30 years ago.

The Micro GALIL was tested and chosen by the Israeli police as well as other police entities worldwide, to be their weapon of service.

GALIL Ultra is an upgrade kit for the three GALIL assault rifles which comprises an ergonomic hand grip for picatinny rails, telescopic butt and ergonomic pistol grip.
